

**YCCSC 2020 Agency Management Accomplishments (090)
Submitted into Egov**

#1 Describe up to three notable management accomplishments achieved by the agency during the reporting year (2020). Describe how responsible, informed leadership and effective, efficient processes led to high-quality, accessible, and well-managed services and strategies.

- 1) Yuba County Community Services Commission (YCCSC) sub-grantee, Yuba-Sutter Legal Center for Seniors, reported the following:

Several changes in the state's landlord tenant laws occurred since the Covid-19 pandemic began which left many senior renters confused as to their rights. As a result, Yuba-Sutter Legal staff saw a sharp increase in clients seeking information on proposed rent increases and notices to vacate.

As part of its Homeless Prevention program, the staff developed form letters which explained how the various changes in the state's landlord tenant laws affected clients given 30 or 60 day notices. The letters allow the staff to address specific issues (validity of a particular notice) while making sure clients are educated about how the overall changes affect them.

This approach allows the Legal Center to deal with the increased volume of tenant questions despite no increase in staff and restrictions imposed by Covid-19 which prevent group gatherings where staff could answer questions.

- 2) YCCSC's sub-grantee, Yuba-Sutter Legal Center for Seniors reported the following:

Due to COVID lockdowns, they were unable to do outreach visits to institutionalized or home bound senior clients.

The Legal Center created an authorization form to allow the faxing or emailing of forms, such as Medi-Cal applications and powers of attorney, to the facilities with instructions on how to assist the seniors in completing and returning them. Using authorizations from the clients, the staff was then able to assemble the necessary verifications, etc. and the clients were able to be assisted.

#2 Provide up to three examples of ways in which the agency addressed a cause or condition of poverty in the community using an innovative or creative approach. Provide the agency name, local partners involved, outcomes, and specific information on how CSBG funds were used to support implementation.

- 1) **Agency Name:** Yuba County Community Services Commission (YCCSC) sub-grantee, Sutter Yuba Homeless Consortium (Habitat for Humanity)

CSBG Service category: Services supporting multiple domains

Description of Program: In August of 2020, Habitat for Humanity completed and opened a 25 bed, emergency shelter that provides up to 80 days of overnight housing to the homeless population, above the current coordinated entry site. The center is ADA compliant and has 2 dorms for both male and female, 4 bathrooms and a functioning kitchen and laundry room. Coordinated Entry, Life Building Center (downstairs) is the centralized location for many of the needs of the homeless community. It provides necessary employment, health, legal, and case management services like access to GED materials, a legal document database, life skills classes, onsite medical care and more instead of requiring the homeless to travel to various agencies. The shelter, combined with coordinated entry, allows clients to more easily navigate a pathway out of homelessness.

This collaboration has been funded by multiple local non-profits and has utilized the best skill sets of each organization to come together and serve our homeless community at its core. The success of the Life Building Center has inspired our neighboring communities in Chico and Butte County to model our ability to partner and make a positive impact on our homeless community for the betterment of all.

How innovate/creative: It allows those staying in the shelter to have stability while easily accessing crucial services onsite, including case management, life building skills, social services, veteran resources and job skill resources.

Outcomes achieved: within the shelter and through coordinated entry

- Experienced improved health and safety due to improvements in their home-10
- Obtained temporary housing placement-35
- Obtained permanent housing placement-64
- increased nutrition skills—379
- enrolled in job readiness training-271
- received resume development/interview skills training—164
- enrolled in financial capability skills training/budgeting/credit management—128
- had nursing care sessions—104
- had substance abuse counseling—187
- had mental health assessments—348

How CSBG funds were used: Funding was used toward financial and physical upkeep of the shelter as well as services provided within coordinated entry.

Local Partners involved and how contributed:

- City of Marysville Police Department- provides referrals to the shelter to help alleviate the burden on Law Enforcement
- Adventist Health- provides referrals to the shelter to help alleviate the burden on Emergency Room Medical Services and on-site medical services
- Yuba County Health and Human Services—provides services and funding for the shelter
- Sutter Yuba Homeless Consortium-provides funding to operate the shelter
- Hands of Hope- operates and oversees the day to day coordinated entry center, oversees the shelter and coordinates services with other service partners.

#3 Provide up to three examples of changes made by the agency to improve service delivery and enhance impact for individuals, families, and communities with low incomes based on their in-depth analysis of performance data.

- 1) Yuba County Community Services Commission (YCCSC) sub-grantee, Sutter Yuba Homeless Consortium (SYHC), reported the following:

Problem: substance use and misuse within the homeless population was inhibiting their ability to find housing/shelter.

In-depth analysis of performance data: Review of initial assessment forms from clients identified that use of substances made it difficult for them to live or find housing.

Changes made: SYHC collaborated with Adventist Health Street Nurses and the Substance Abuse Navigator and educated hospital emergency room doctors and nurses about substance use/abuse and the availability of treatment options which changed the stigma once held by the emergency department staff. One on one attention was given to these clients to help them recover and seek treatment, bridges were created and they all were advocated for specifically which resulted in successfully sending over 40 individuals to either outpatient or inpatient treatment.
