

**YCCSC 2019 Agency Management Accomplishments (090)  
Submitted into Egov**

**#1 Describe up to three notable management accomplishments achieved by the agency during the reporting year (2019). Describe how responsible, informed leadership and effective, efficient processes led to high-quality, accessible, and well-managed services and strategies.**

1) Yuba County Community Services Commission (YCCSC) sub-grantee, Sutter Yuba Homeless Consortium reported the following: Chelsea Burke, the Coordinated Entry Manager, started holding regular case management meetings, bringing together all service agencies to match individuals/households from the By-Name List (BNL) to appropriate programs. This has led to an increased number of households being housed in both emergency and permanent housing. Additionally, the Sutter Yuba Homeless Consortium has instilled a monthly reporting requirement from all agencies in order to effectively track program spending. We hope to continue to improve on this method of monitoring. The Coordinated Entry committee has also been reviewing the intake assessment forms, attempting to streamline the approach in order to decrease the length of time it takes to complete an assessment.

2) YCCSC's sub-grantee, Yuba-Sutter Legal Center for Seniors reported the following: In 2019, the Center re-designed its closing paperwork to capture the detailed info required by a certain funding source without increasing the total paperwork. Previously, the staff had to review files by hand to get this information. This allows the Center to now collect the data on a spread sheet in much less time, leaving more time to assist clients.

**#2 Provide up to three examples of ways in which the agency addressed a cause or condition of poverty in the community using an innovative or creative approach. Provide the agency name, local partners involved, outcomes, and specific information on how CSBG funds were used to support implementation.**

1) Yuba County Community Services Commission (YCCSC) sub-grantee, Yuba-Sutter Legal Center for Seniors reported the following: A representative of the Legal Center meets monthly with a multi-disciplinary team for Yuba County consisting of Adult Protective Services, Yuba County In-Home Supportive Services, Yuba County Victim Witness, Yuba County Public Guardian, Mental Health, law enforcement, the homeless consortium and California Collaborative Health. The team's focus is on seniors and disabled adults who might need services from more than one agency. Members present information on potential mutual clients, services provided or needed, etc., and possible outcomes.

This approach allows the Legal Center and other agencies to avoid duplication of services and insure that vulnerable seniors receive the services needed. By involving all the agencies which deal with seniors, the legal center can at one time determine which non-legal services the client may be eligible for as well as start the application process. It also enables other agencies to coordinate their services with those of the Legal Center.

The directing attorney attends the multi-disciplinary meeting and presents an average of two cases per month. CSBG funds pay part of the directing attorney's salary.

Approximately 60 seniors were served.

2) YCCSC's sub-grantee Sutter Yuba Homeless Consortium reported the following: In the past, the homeless population have had difficulty in accessing services that are scattered throughout the region. Hands of Hope has been partnering with local agencies (i.e. Behavioral Health, Adventist Health, One Stop employment agencies, Therapists, Nutritional/Health Nurses, Medi-cal Providers, Legal Aid, Victim Witness, Probation, and Casa de Esperanza) in order to provide necessary employment, health, legal, and case management services on-site instead of requiring the client to travel to each agency. Coordinated Entry is the centralized location for many of

the needs of the homeless community. A variety of services are provided onsite, including access to GED materials, a legal document database, life skills classes, and onsite medical care.

Outcomes achieved:

- obtained GED—129
- obtained recognized credential—45
- increased nutrition—130
- improved physical health—167
- obtained safe/affordable housing—570
- enrolled in job readiness training/resume development/interview skills training—133
- enrolled in financial capability skills training/budgeting/credit management—45
- enrolled in landlord/tenant rights education—28
- had nursing care sessions—153
- had substance abuse counseling—50
- had mental health assessments—45
- received emergency clothing assistance—75

Funds from CSBG have been used to operate Coordinated Entry, including case management staffing and the provision of emergency shelter and rental assistance

**#3 Provide up to three examples of changes made by the agency to improve service delivery and enhance impact for individuals, families, and communities with low incomes based on their in-depth analysis of performance data.**

- 1) Yuba County Community Services Commission (YCCSC) sub-grantee Sutter Yuba Homeless Consortium reported the following:

**Problem:** a high number not receiving timely services and long wait times to find housing

**In-depth analysis of performance data:** Client satisfaction surveys indicated long wait times for case management and no housing plan being made.

**Changes made:** Coordinated Entry hired more peer mentors and lower level case managers to assist individuals/households experiencing homelessness remove some simple barriers before they even enter a shelter or permanent housing, including obtaining employment, obtaining social security benefits and drivers licenses, reconnecting with extended family for housing, etc. The additional staff has expedited services and diminished the number of homeless, diverting them from the emergency shelters, leaving the available shelter beds for the most vulnerable clients.

- 2) YCCSC's sub-grantee Yuba-Sutter Legal Center reported the following:

**Problem:** new criteria funders requiring, inefficiencies of finding out late in case management of need for access to insurance options/assistance and new 2019 Cal Fresh regulations making it difficult for seniors to apply and qualify

**In-depth analysis of performance data:** funders negative finding and client interaction revealing insurance and Cal Fresh assistance

**Changes made:** The Legal Center redesigned its client intake form to gather data on types of health insurance clients have. This helped to determine if referrals to other agencies or further assistance was necessary right up front and not finding out later. For example, seniors receiving Medicare or turning 65, may need referrals to the Health Insurance Counseling and Advocacy Program to counsel and help them select a Medicare supplement and/or prescription policy. Seniors without Medicare or unable to afford a Medicare supplement, might need a

referral for Medi-Cal or the County Medical Services Program (CMSP). Part of the Legal Center's mission is to help clients apply and qualify for Medi-Cal or CMSP.

In addition, the Legal Center pursued additional funding to allow them to do specific outreach to seniors receiving Supplemental Security Income who are now eligible for Cal Fresh on how to apply and qualify for the benefits. Outreach has resulted in 10 SSI recipients signed up for Cal Fresh. This allows the clients limited income to be available for rent, utilities and emergencies and reduces their food insecurity which improves their overall health and self-sufficiency.
