

**YCCSC 2022 Agency Management Accomplishments (090)
Submitted into Egov**

#1 Describe up to three notable management accomplishments achieved by the agency during the reporting year (2022). Describe how responsible, informed leadership and effective, efficient processes led to high-quality, accessible, and well-managed services and strategies.

- 1) Yuba County Community Services Commission (YCCSC) sub-grantee, Habitat for Humanity, reported the following:

Habitat for Humanity leadership added a new Department to their organization, Supportive Outreach Services (SOS). SOS was developed in partnership with CalAIM and partner, Hands of Hope. The structure that must exist within CalAIM criteria has expanded across all programs to ensure Habitat continues to grow, while providing even better services and case management to those we serve.

The Family Services Department is now able to go back to the original structure of processing applicants, providing home repair, home ownership, and financial assistance to low-income qualifying families. The leadership saw an opportunity to provide more focused services, while creating manageable workloads throughout Departments.

This transition has been crucial to ensure Family Services is not overwhelmed in applicants across so many projects. Habitat is set to break ground on multiple new homeownership projects for low-income families, as well as CDBG Home Repair funding totaling in \$1.2 million will be processed through Family Services for the 2023-24 FY.

SOS works in partnership with Hands of Hope for provided case management and has also hired 6 trained staff well versed in "Trauma Informed Care", Housing First, Mental Health and addiction with oversight of Licensed Clinicians reviewing all case management plans. SOS will be conducting intake, coordinating care and case management plans with service providers and clients. All SOS staff have mandatory, ongoing trainings with Anthem to ensure the highest level of care.

Additionally, the SOS department has multiple Housing Navigators to ensure that all of those in need of housing have options outside of Habitat projects. Those that qualify for CalAIM receive wrap around case management and housing plans, however, those that do not qualify for CalAIM will still receive resources and Housing Navigation. Non-qualifying applicants will not have continued case management plans, but they will have a Housing Navigator dedicated to helping them find housing, while also providing them a list that will be updated quarterly of all services available within Yuba-Sutter.

In addition, as the organization has grown exponentially, leadership recognized the need for better data tracking between departments and communication. This created a change to the management meetings with each department, and a universal cloud-based storage to ease data sharing and requests.

- 2) Yuba County Community Services Commission sub-grantee, Sutter Yuba Homeless Consortium reported the following:

Sutter Yuba Homeless Consortium increased staff to include a Grant Manager in late 2021, and an Executive Assistant in late 2022. The goal is to be a professionally staffed organization that is not reliant on consultants to operate the day-to-day workings of the Consortium. In the coming year, their goal is to work on ways to streamline reporting for their partners and continue to communicate filing deadlines and requirements. As new grants come in, they will offer training to their sub-grantees for reporting. They will be more cognizant of the

practicality of reporting deadlines and adjust accordingly to make them realistic when they send out their agreements.

Expanding staff will help them centralize and improve data collection so they can track outcomes and results for reporting to various agencies. When they have more accurate data, as an organization they are better able to work with their partners to obtain funding for more impactful projects and target gaps in current homelessness delivery services. They also applied for additional private grant funding with their increased staff. Thus far, approximately \$300,000 in private grant funding was awarded in calendar year 2022, and they are hopeful to increase that amount in 2023.

#2 Provide up to three examples of ways in which the agency addressed a cause or condition of poverty in the community using an innovative or creative approach. List the following headers with your response:

- **Program name**
- **Description of program (capacity, duration, targeted population, etc)**
- **How innovative/creative? Please be specific.**
- **Local partners involved. Name each partner and what they provided**
- **Outcomes achieved (include the number of people enrolled and areas affected), and**
- **How CSBG funds were used to support implementation**

- 1) **Agency/Program Name:** Yuba County Community Services Commission sub-grantee, Sutter Yuba Homeless Consortium--Regional Emergency Shelter Team (REST)

CSBG service category: Housing

Description of program: REST provided educational services to people experiencing homelessness outside of its normal shelter season. Recognizing that lack of education, lack of life skills, and previous and present circumstances such as eviction, poor credit, criminal history, and lack of income are causes of poverty and chronic homelessness, REST provided a training course called Ready to Rent.

How innovative/creative: This program educates people to be successful renters by gaining skills such as budgeting and communication and by overcoming barriers from the past such as poor credit. This was innovative for REST because it helps REST address underlying causes of poverty and continued homelessness while REST continues to provide emergency shelter and meals to people experiencing homelessness.

The goal is to increase the number of people successfully transitioning from REST's shelter (and other shelter programs) to permanent housing. Partner agency Coordinated Entry asked REST to provide this course. Partner agency Hands of Hope contributed the use of its classrooms at both Hands of Hope and the Life Building Center for REST's use in offering this course to homeless clients in Yuba and Sutter counties.

Outcomes achieved: REST provided an abridged version of this material to the 58 households which utilized REST's shelter this year and provided the in-depth classroom instruction to 24 clients.

How CSBG funds were used: CSBG funds were used to support staff salaries for providing this education to homeless clients.

Local partners involved and how contributed: Partner agency Hands of Hope contributed the use of its classrooms at both Hands of Hope and the Life Building Center for REST's use in offering this course to homeless clients in Yuba and Sutter counties.

2) **Agency/Program Name:** Yuba County Community Services Commission sub-grantee, Sutter Yuba Homeless Consortium--Adventist Health and Rideout – Food Security Program

CSBG service category: Health and Social/Behavioral Development Indicators

Description of program: Adventist utilizes a screening protocol to identify patients who are food insecure and connect them with both food and resources to access post hospital discharge. The capacity is expendable in that the program will assist all patients that are identified as food insecure either directly or by providing resources and/or referrals.

How innovative or creative: Every patient who is admitted to Adventist Health and Rideout is asked specific questions regarding food insecurity. If those screening questions reveal a need, the patient is then referred to the Food Security Program to provide individualized resources, referrals, as well as either a referral to pick up food from a local pantry or a bag of shelf stable food upon discharge. Combating hunger as a part of patient's care plans is a unique approach to providing whole person care.

Outcomes achieved: Adventist has increased their reach to serve not only the most vulnerable in the community but with the implementation of the Medically Tailored Meal program they have notable health condition improvements for their patients with specific medical conditions. By expanding their reach, they have been able to help fight hunger and provide wholeness and hope, one bag/meal, one person and one family at a time. They have served 155 people across the Yuba County region.

How CSBG funds used: CSBG funds were used to staff the Registered Dietician and other program staff needed to operate the Food Security Program. In addition, a small portion of CSBG funds were used to purchase shelves, storage boxes, refrigerators, and freezers for storing food and supplies.

Local partners involved and how contributed:

Medically Tailored Meals – Anthem Blue Cross

Medically Tailored Meals – California Health and Wellness

Yuba Sutter Food Bank

#3 Provide up to three examples of changes made by the agency in 2021 to improve service delivery and enhance impact for individuals, families, and communities with low incomes based on their in-depth analysis of performance data. Include if your agency added any new services/programs and if so, what and when. List the following headers with your response:

- **Problem**
- **What analyze to discover problem (client survey results, conversations with clients, staff input)**
- **Change made**

1) Yuba County Community Services Commission sub-grantee, Sutter Yuba Homeless Consortium—Casa de Esperanza (CASA) reported the following:

Problem: Individuals felt restricted with old policies that CASA had in place before, and this led to clients exiting the program prematurely, or having a difficult experience.

Insight/change based on performance data: CASA identified a need to streamline the process for clients to get the assistance they need efficiently and effectively This problem was detected by administration observation, feedback from clients, staff input, and CASA statistics.

Changes made: CASA has now undergone some structural changes that include a Case Manager position that will allow the staff to build a structure for referrals, appointments, advocacy, and resources to better assist clients as well as a Counseling Program that has staff who are assigned Counselor/Advocates that will pick up clients from the waiting list both in-shelter and outside clients.

In addition, CASA has undergone some policy changes that have allowed in-shelter clients some freedom and flexibility within reason that has allowed clients to feel more empowered and capable and has reduced early exits for vulnerable clients.

2) Yuba County Community Services Commission sub-grantee, Sutter Yuba Homeless Consortium – Bridges to Housing reported the following:

Problem: Increase of housing rental deposits from approximately \$1,000-1,500 to \$2,000-3,000 as well as landlords moving out tenants under the guise of renovating properties so they can then rent units for much higher amounts.

Insight/change based on performance data: Clients not being able to afford even getting into a housing rental and long term housed families/individuals now becoming homeless. To address this immediate need, Bridges to Housing is assisting families at a prevention level to avoid becoming homeless by helping them keep their housing before they are on the street.

Changes made: Bridges to Housing revised their funding policy to reflect the market increases of deposits and they increased the number of months of rent to assist the clients depending on the need. Any client, whether an individual or family, needs to locate suitable housing for themselves, the rent for which can be no more than 60% of their household income to be eligible for the increased amount based on Federal Poverty Guidelines. The program is ongoing and targeted to homeless and low-income residents of Yuba and Sutter Counties. The Increased Financial Assistance Policy was implemented in 2022.
